Thanks much for this info Pam. I'll go ahead and talk with Ed about it on Wednesday in case he feels we should mention it to Steve or anyone else at this point. Can you send me a copy of [REDACTED]'s resume so Ed can see the group she works in (if he wants?) Thanks, and I'll let you know what Ed says we should do for now, if anything. Please just keep moving forward unless you hear differently from me, but call me before you make any offer just in case! :-)
